| Para | | 4 | Soffit Installation - Amber Ruby Undercroft | | | | note the edge panels by elevation 3 will be incorporated/connected with the elevation 3 cladding. Update 22.9.23 The remaining panels on the undercroft area that need to be connected with elevation 3 panels can only be completed when the crash deck has been removed on elevation 3. Update - As the crash deck is now removed, ACL have a MEWP connecting the low level panels and soffits to the undercroft and rain scren cladding on elevation 3. Update - the connection panels between undercroft and low level rainscreen cladding is anticipated to |
