

Building safety resident engagement commitment

6 Colville Square, London, W11 2BD

What is the commitment?

This engagement commitment sets out how we can work together to make decisions that affect the safety of your building. This could be about works being carried out or how your building is managed for example. Your Building Safety Manager (BSM) Andre Sandiford has put this together based on an engagement strategy created by Notting Hill Genesis and bespoke feedback and data from residents at 6 Colville Square.

Methodology

Inspection and Issues Identified: As your Building Safety Manager, I conducted an inspection at your building on 24th of July 2025. I also knocked on doors and spoke with residents about fire and structural safety. I discussed the list of fire risk actions in progress which included in progress checks to the central mechanical ventilation system. These risks have been prioritised and allocated to the appropriate internal team with repairs allocated to a competent contractor for resolution, further updates on any required repairs will be provided by your Property Manager.

Drop-in Surgery: On July 24th, 2025, I also invited you to an onsite drop-in surgery at your building to help residents with the building safety survey and answer any related questions. All residents received a building safety flyer, evacuation support information for any vulnerable residents and the building safety survey link via email prior to the Surgery. I also informed you that your building is registered with the Building Safety Regulator (BSR) and provided the registration number: **HRB08796Q4K8** and (BSR) contact details: 0300 790 6787

Communication and Future Meetings: In my email, I included the building safety survey, a letter about your building's fire strategy, the importance of fire doors, and the safety responsibilities of NHG and residents. I invited you to arrange a face-to-face appointment or a phone call to share any further views or ask and address any further questions prior to or after the most recent surgery. We will hold at least one resident meeting and one drop-in session yearly for updates and feedback. The Building Safety Manager will also be present at future Residents Meetings and Estate events. This commitment, made in July 2025, will be reviewed in July 2027 or sooner if needed.

The results and actions from the Building Safety Survey completed by residents will be addressed on an individual basis. An estate-wide update, including responses to common questions raised, will be shared in the upcoming Residents Newsletter or Email.

How we will share this with you

To cater for the diverse needs of our residents, we can communicate in a broad range of ways. We aim to provide this information in different formats that can be understood by all residents including those that have a physical or visual impairment, have other disabilities or who speak another language:

- Via email
 - Via postal or hand delivered letter
 - Via text
 - Fire Action Notices
- At sign up
 - NHG's annual 'refresher' information
 - On our website & local notice boards
 - At Resident Drop in surgeries
 - During building inspections with NHG
 - Face to face appointments
 - At pop up sessions
 - By introductory & animation videos
 - Local newsletters

BETTER BUILDINGS

BUILDING SAFETY

Building safety resident engagement commitment

6 Colville Square, London, W11 2BD

Types of information you would like to see

- Action to take in the event of fire or structural emergency
- General information to understand legislation impacting your home including the Building Safety Act and the Fire Safety England Regs
- Resident and landlord responsibilities
- Changes in fire strategy
- Remediation works
- Other major works
- Costs

What decisions you would like to be involved in

- We encourage residents to get involved in making decisions relating to the safety of their buildings
- We encourage residents to create resident associations to have a voice in the management of their buildings. If you would like further information on setting up a Resident's Association, please contact your BSM

How you can influence decisions

- Proactively seeking out resident feedback and using that information to tailor our building safety approach
- Surgeries in person and online
- Building & Estate walkabouts with Housing Officer
- Inclusion at Residents Association meetings
- Get involved through your Residents Association. If your building does not have RA and you would like to start one, please contact your housing officer for support and guidance in setting one up

How we'll gather and use your opinions

- We'll keep a record on our Workwise system from our interactions as listed above
- We'll gather your thoughts in line with our usual GDPR policies, just like when you contact us about anything else.
- We will feedback to you any decisions made using the information you have told us

How we'll measure and review this commitment

- Measure the number of cases raised on Workwise reviewing building safety content
- Writing to you annually to let you know what engagement and influence that has had

Transparency of building safety information

At Notting Hill Genesis residents are at the heart of what we do. We want our resident to know they are safe and more importantly feel they are safe. To do this will be transparent in our management of your building's safety and the information we provide to you. This includes but is not limited to fire protection measures, fire prevention measures, maintenance of fire safety systems, fire risk assessments and building safety inspections
