

Notting Hill Genesis Resident Forum Terms of Reference

1. Purpose

- 1.1 The Resident Forum exists to strengthen the voice of residents and communicate with Notting Hill Genesis senior staff, Operations Committee and the Group board and residents.
- 1.2 The Resident Forum supports Notting Hill Genesis *Better Together* strategic direction, working to improve customer experience by providing better connections, better homes, and better places.
- 1.3 The Resident Forum is led by residents, for residents, with representation from all parts of the resident involvement network, including resident members of the governance community.

2. Role

The Resident Forum has three roles:

- 2.1 To connect resident experiences to the board ensuring they listen, act, and respond to feedback.
- 2.2 To recommend service improvement projects informed by the scrutiny of performance data and resident insight and feedback.
- 2.3 To provide oversight and assess the impact of the Resident Involvement and Engagement Programme.

3. Scope and Authority

- 3.1 The Resident Forum is representative of all Notting Hill Genesis resident tenure types. The Resident Forum will regularly review feedback and insight from our communities and assess whether Notting Hill Genesis understanding matches the lived experience of our residents.
- 3.2 Guided by residents' priorities, the Forum will work collaboratively with Notting Hill Genesis senior staff and group board and operations to deliver the aims and communicate outcomes of the Forum.
- 3.3 The Forum will review feedback and insight by having access to Notting Hill Genesis's performance information and reports from local engagement activities happening across Notting Hill Genesis regions as well as other resident feedback such as complaints or satisfaction scores.
- 3.4 Resident Forum members will be able to review performance data and select areas to scrutinise in advance of each quarterly scrutiny meeting.
- 3.5 The Forum will use this scrutiny and insight to agree the commissioning of evidence-based improvement projects for Notting Hill Genesis resident services for example scrutiny reviews or 'task and finish.' This may also include site visits and detailed project work on specific topics as the need arises. These will take place outside of the cycle of Resident Forum meetings.

- 3.6 The Forum will commission projects with consideration to the capacity of Notting Hill Genesis to deliver them. Projects will be jointly sponsored by members of the Forum and Notting Hill Genesis colleagues.
- 3.7 The Forum will be able to request in advance specific service areas to attend meetings to scrutinise them on their performance.
- 3.8 The Forum will also have oversight of the resident involvement and engagement programme and will have the authority to scrutinise progression of projects, recommendations, and the teams' key performance indicators (KPIs).
- 3.9 All board members (residents) will be members of the Resident Forum, one of whom will act as Chair. The Chair will use the experience of the Resident Forum to inform discussion at Operations committee.
- 3.10 The Resident Forum is not a formal committee of the Group Board but will have a clearly defined role in reporting performance achievements/concerns and insight. As outlined in the 2024 resident involvement and engagement structure, there will be a two-way feedback loop, so that the Resident Forum members will also receive updates from the Board via the Forum Chair.
- 3.11 Discussions from the Resident Forum will also feed into the staff Customer Experience Forum - the governance group who will oversee the Voice of our Customer programme of continuous improvement. The Resident Forum and the Customer Forum exist in complement to one another and there is intended to be a continuous loop of insight and information between the two.
- 3.12 The Resident Forum is not an escalation point for individual issues in line with the Code of Conduct (see section 9). This means that Forum members must refrain from repeated disruptions, allow others to speak, keep points to a minimum and not bring in personal issues (instead speak directly to their Housing or Property Management Officer). However, a **brief** overview of an individual issue where relevant to the meeting agenda, may be used to illustrate an area of concern.
